

Two women are standing on a rooftop balcony, leaning against a black metal railing. The woman on the left is wearing a light green sports bra and leggings, with black sneakers. The woman on the right is wearing a brown sports bra and leggings, with white sneakers. They are both looking towards the camera. The background shows a cityscape with buildings under a clear sky.

Hot Gang Summer

Beginner Home Program
Block Two
(week 3 + 4 workouts)

explanation

Welcome to Hot Gang Summer

Beginner Home Program

Hot Gang Summer isn't just a way of training, it's very much a lifestyle and a mindset. This summer we're training hard as a team, but we're doing it in the most effective and efficient way possible. Why? Because we deserve to live our lives and have fun!!

How it works

This is a 5 week program, with 4 training sessions / week. Each training session is a Full Body Workout. We are training this way to minimize recovery time and maximize results and performance! Every training session has it's own unique focus, but you'll be incorporating lower, upper, and core always. This is going to lead to a significant improvement your overall fitness level, without the need to commit to as many sessions per week.

The motto

The motto of Hot Gang Summer is "Consistent & Confident". We are in no way aiming for perfection. Instead, we're focusing on creating a consistent routine that allows us to feel our freaking best mentally and physically! Miss a workout? Please don't stress. Pick up where you left off, and know that there is no such thing as "falling behind".

Program Breakdown

As you'll see when you dive into the program, this is a very simple document that contains all the information you'll need. As always when taking on live workouts (or doing them back later on) please have this PDF accessible at all times!

Live Workout Schedule!

- You are going for distance here! Track how FAR you are able to run in 10 minutes. The goal is see how far you can get without stopping during a set amount of time running.
- Really push yourself and see what you can do, but don't go so fast you need to stop until the time is up.
- Adjust the speed however you like during the mile, but you cannot stop moving or put the treadmill on pause
